B2B – LABELINGWEB

USER MANUAL

The Labelingweb platform is the B2B tool that T-Trade Group makes available to resellers of labels and thermal transfer ribbons.

Through Labelingweb, it is possible to estimate and order TTR and neutral adhesive labels 24/24 h from any device with internet connection.

It is an immediate and intuitive configurator.

The easiest way to do business without wasting time.

1 – REGISTRATION AND ACCESS

From www.t-trade.it/en/ click on "B2B - LABELINGWEB" (also from smartphone: scroll the drop-down menu to B2B - LABELINGWEB)

https://www.t-trade.it/en/

LABELINGWEB

A configurator for Thermal Transfer Ribbons and Adhesive Labels

Each customer has different needs and, thanks to our configurator, we are able to satisfy even the most demanding customers with ad hoc products.

Labelingweb aims to help our distributors to obtain answers on the whole range of the consumable products we produce (TTR Tapes and Self-Adhesive Labels) in real time.

Login!

Register now!

Fill in the form in its entirety. ATTENTION: the fields are almost all mandatory (except for the NOTES, for example, to be used for any additional messages and / or communications). Make sure you fill in all the fields in order to proceed with the registration.

Sign up to access the B2B LABELINGWEB Platform

Surname *

Confirm password

CONFIRM

Once you have chosen and saved your personal password, you can access the B2B Labelingweb using the registration email address as USER and the personal password you set as your PASSWORD.

WELL DONE! REGISTRATION TO THE T-TRADE GROUP B2B LABELINGWEB HAS BEEN COMPLETED!

From here on, you can access Labelingweb both from the website www.t-trade.it, by clicking on B2B LABELINGWEB and then on LOGIN, and directly from <https://www.labelingweb.t-trade.it/>, by entering your email + password. (Tip: save the login page as a favorite in the browser to be able to open it without searching for it and quickly).

2 – PERSONAL AREA B2B LABELINGWEB

Once you have entered your login credentials, you enter the platform home page, which immediately identifies the logged in user (blue column on the left) through his email address. Here you can choose the language (ITALIAN / ENGLISH), immediately enter the TTR and / or LABELS configurator, check the profile data, the history of your orders, the contents of your cart and the points accumulated for the Fidelity Program: at each purchase , you can accumulate points for rewards. Click on “Fidelity Program” to access the list of rewards and find out the points needed to obtain them.

Fidelity Program

(To choose the prize you must have the required points; click on the Cart icon, the points will be automatically downloaded).

In the blue column on the left you will also find the logout to end navigation on the platform. In the central part of the Home page, there are configurators, Special Offers and the TTR and Labels Outlet, where you can take advantage of various purchase opportunities.

3 – TTR CONFIGURATOR

Click on "TTR Configurator" to access the page for configuring, estimating and ordering thermal transfer ribbons.

The configurator is equipped with an image (at the bottom of the page) to guide the choice of the TTR specifications. Each field allows you to choose all the characteristics necessary to configure the type of thermal transfer ribbon required and to indicate the quantity. The "Notes" field can be used for any additional information or communications with T-Trade.

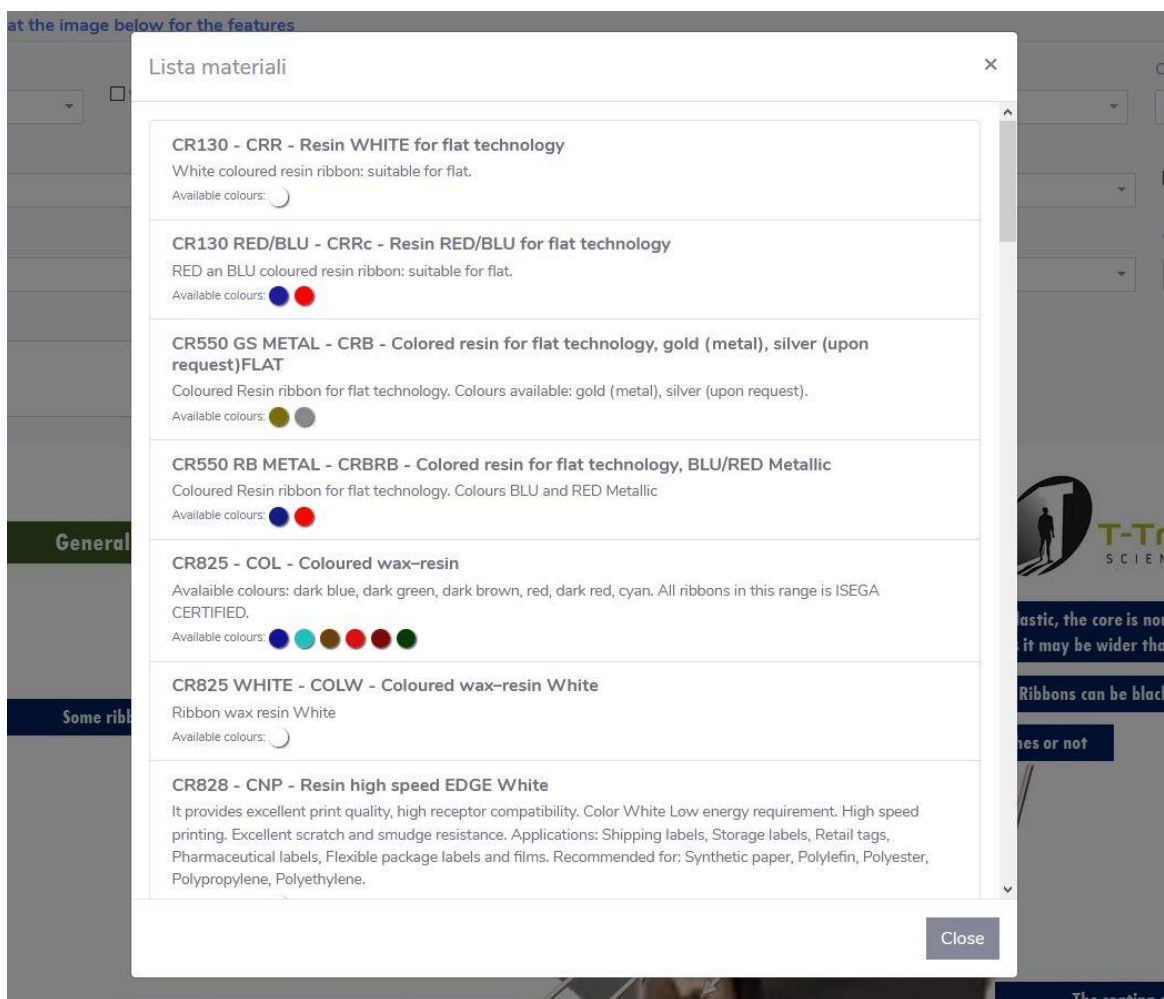

TTR Configurator - look at the image below for the features

CONGRATS! THE PURCHASE PROCEDURE THROUGH THE B2B LABELINGWEB HAS BEEN COMPLETED!

3 – LABELS CONFIGURATOR

The whole procedure outlined above is replicated in the "Label Configurator" area, always equipped with an image at the bottom of the page to guide the choice of label specifications.

Also in the Label Configurator, each field allows you to choose all the characteristics necessary to configure the type of Label required and to indicate the quantity. The "Notes" field can be used for any additional information or communications with T-Trade.

It is also possible to open the drop-down menu "View material description" for an in-depth analysis on the type of Label.

Attention: the minimum purchase value for the labels is € 300.00 (€ 100.00 for the TTR): if the order does not reach the minimum, the calculator will automatically adjust the cost, as an example below:

Adhesive labels configurator - look at the image below for the features

Contact us for our production of labels with a 25 core, in fanfold, with colored backing, printed in four colors and for customized projects.

Work type: Plain labels rolls Inside core diameter: 40 mm Face stock: TVP - Vellum with generic permanent adhesive

TVP - Vellum with generic permanent adhesive
 Vellum TTR, Surface sized woodfree supercalendered paper 73 gr/m, universal label paper for commercial and general labelling. Permanent adhesive with good adhesion to all normal substrates, including non-polar surfaces, films and corrugated board,pe and pp. Good low temperature performance. Labeling temperature min +5°C. Service temperature range: -10°C, +70°C.

Use one of the following parameters: Select or create a new matrix

Number of labels per roll: 1000 Outside roll diameter mm: 110 Matrix mm (l x h): 100 x 50,00 New matrix Width mm: Height mm:

Width(mm)	Height(mm)	Z	Gap(mm)	Roll width(mm)	Max Tracks	Corner radius(mm)	Film	Horizontal perforation each n. label
100	50	136	3.98	103	3	2	NO	NO

Tracks: Step (height + gap) we can realize: 1 Quantity: 50000 Additional notes:

Quotation Summary

Price per 1000 labels	5,882 €
Price per label	0,005882 €
Number of rolls	51
Total number of labels	51.000
Total amount	299,982 €
Additional matrix	0,000 €

[Add to chart](#) [New quotation](#)

The price has been adjusted to reach the minimum order of 300 €

The procedure for confirming your purchase order is the same as that described above for TTR. Once the order is completed, an Order Summary is received via email, followed by the official Order Confirmation by the T-Trade Group Customer Service staff.

4 – ORDER HISTORY

This section contains the history of all orders placed.
